

## SUMMARY OF CRA EXPERIENCE

### *OVERVIEW*

- ◆ Average of 15 years (range: 8 – 21 years) field monitoring experience
- ◆ Extensive training and experience resulting from prior monitoring and management roles at pharmaceutical, biotechnology, medical device, diagnostics, and/or clinical research organizations
- ◆ Established, reliable consultants with a strong commitment to quality
- ◆ Several of our consultants also have backgrounds as:
  - Clinical research managers and/or coordinators in a healthcare setting
  - Good clinical practices (GCP) auditors

### *SERVICE CAPABILITIES*

- ◆ Study site monitoring (pre-study evaluation, study initiation, treatment observation, routine monitoring, study close-out)
- ◆ Study coordinator support (CRF/DRF completion, document management)
- ◆ Study site GCP auditing

### *THERAPEUTIC AREA/INDICATION EXPERIENCE*

#### **CARDIOVASCULAR**

---

- Angina
- Anticoagulant Therapy
- Arrhythmia Control
- Arterial Stenosis
- Atrial Fibrillation
- Cardiac Stents
- Congestive Heart Failure
- Coronary Artery Disease
- Hypercholesterolemia
- Hyperlipidemia
- Deep Vein Thrombosis
- Hypertension
- Myocardial Infarction

#### **CNS/NEUROLOGY**

---

- Generalized Anxiety Disorder
- Alzheimer's Disease
- Attention Deficit Hyperactivity Disorder
- Bipolar Disorder
- Depression
- Epilepsy
- Migraine
- Obsessive Compulsive Disorder
- Panic Disorder
- Parkinson's Disease
- Schizophrenia
- Sleep Apnea
- Smoking Cessation
- Social Anxiety Disorder
- Stroke

## SUMMARY OF CRA EXPERIENCE (p. 2)

### **DERMATOLOGY**

---

- Acne Vulgaris
- Actinic Keratosis
- Atopic Dermatitis
- Psoriasis
- Rosacea
- Seborrheic Dermatitis
- Tinea Pedis

### **GASTROENTEROLOGY**

---

- Acid Reflux Disease
- Crohn's Disease
- C. difficile-Associated Diarrhea
- Irritable Bowel Syndrome
- Peptic Ulcer Disease
- Ulcerative Colitis

### **ONCOLOGY**

---

- Acute Myeloid Leukemia
- Breast
- Bronchioloalveolar Carcinoma
- Colon/Colorectal
- Glioblastoma Multiforme
- Head & Neck Carcinoma
- Kaposi's Sarcoma
- Leptomeningeal Disease
- Lung
- Lymphoma
- Melanoma
- Multiple Myeloma
- Myelodysplastic Syndrome
- Non-small Cell Lung
- Ovarian
- Primary Peritoneal Carcinoma
- Prostate
- Pancreatic
- Renal Carcinoma
- Soft Tissue Sarcoma

### **ENDOCRINOLOGY**

---

- AIDS-Associated Catabolism/Wasting
- Diabetes Mellitus
- Hormone Replacement
- Hypogonadism
- Obesity
- Thyroid Disorder
- Xerostomia

### **INFECTIOUS DISEASE**

---

- Cryptococcal Meningitis
- Fungal Infections
- Hepatitis C
- HIV/AIDS
- Neoplastic Meningitis
- Nosocomial Pneumonia
- Otitis (Externa, Media)
- Sinusitis
- Urinary Tract Infection

### **OPHTHALMOLOGY**

---

- Blepharitis
- CMV Retinitis
- Conjunctivitis
- Diabetic Macular Edema
- Uveitis

### **RESPIRATORY**

---

- Allergic Rhinitis
- Asthma
- Acute Respiratory Distress Syndrome
- Bronchitis (Acute, Chronic)
- Chronic Obstructive Pulmonary Disease
- Seasonal Allergies

### **UROLOGY**

---

- Acute Urinary Retention
- Benign Prostatic Hypertrophy
- Erectile Dysfunction
- Overactive Bladder
- Urinary Incontinence
